Save the Music – is a compilation for **Record Store Day** that features exclusive new music from: **AM, Princess Superstar, The Incredible Tabla Band, S.Marharba, Letherette, Dibiase, Jed & Lucia, NOMO, Shawn Lee, Magnetite**, and a re-issued folky funk joint from **Pats People**.

The music from the limited edition compilation CD is spread across 3 limited edition (500 of each only!), hand-numbered, 12" singles.

The track list for each of the 12"s was put together with the help of our musical friends **Shawn Lee, The Groove Merchant** record store, and the influential radio show/podcast **BTS Radio**.

12" # 1 was curated by **Shawn Lee** who chose to include a slamming new track from his forthcoming collaboration album with the soulful and melodic pop-crooner **AM**. "**Dark into Light**" sees the duo propel each other into their best work yet. AM's honeyed vocals ride a driving percussion section straight into walls of shimmering guitars and glassy keyboards pulling elements as disparate as **Gary Numan, Jorge Ben, and Ariel Pink** into 3:54 of perfect future pop. Critically acclaimed indie artist AM hails from New Orleans and currently lives in Los Angeles. His album **Future Sons & Daughters** was named in the **Top 100 albums of 2010 by Rough Trade**, given a **four-star rating by Q Magazine** and a **five out of five-star rating by U.K. Sunday Express** as "**one of the great pop albums of the year.**" AM spent 2010 on the road opening for **AIR, Caetano Veloso** and **Charlotte Gainsbourg**. Fortunately he found time to check Lee's "**Music and Rhythm**" album after hearing it on LA radio. Lee and AM became friends sharing a love for film soundtracks and vintage sounds, and their album is scheduled for release this year.

Another collab' sees NYC-based **Princess Superstar** and Lee team-up for a funky hip hop joint. Lee has produced tracks for her new album, alongside **The Rural, NYCEBOY, Mega, and Mighty Mi**. Superstar has recorded with everyone from **Grandmaster Flash, Arthur Baker, Todd Terry, and Kool Keith**. Her musical style, as she describes it (with tongue firmly in cheek) is flip-flop — a mixture of 'hip hop, electroclash and electronica.' Her sense of humor shines through on "**Anger**

Management" as she waxes lyrical over a track that also rocks super hard as a nasty lil' instrumental.

And lastly Lee gives us a sneak peak at his new **Incredible Tabla Band** project. On this 12" they cover the ultimate breaks n'beats favorite "**Apache**" (originally by the **Incredible Bongo Band**.) Watch out for more Incredible Tabla Band escapades later this year.
