Save the Music - A compilation for Record Store Day features exclusive new music from: AM, Princess Superstar, The Incredible Tabla Band, S.Marharba, Letherette, Dibiasse, Jed & Lucia, NOMO, Shawn Lee, Magnetite, and a re-issued folksy funk joint from Pats

People. The compilation is available on **3 limited edition, hand-numbered, 12" singles** and on a limited edition compilation CD. A digital version of the compilation will follow shortly.

The track list was put together with the help of our musical friends **Shawn Lee, The Groove Merchant** record store, and the influential radio show/podcast **BTS Radio**. The idea behind the compilation was to make a musical collection that was as eclectic, fun, and deep as our favorite record stores...

Shawn Lee chose to include a slamming new track from his forthcoming collaboration album with the soulful melodic pop crooner **AM**, a funky hip hop joint with NY vocalist **Princess Superstar** and a sneak peak at his new **Incredible Tabla Band** covering the ultimate breaks n'beats favorite **Apache** (originally by the **Incredible Bongo Band**.) Lee's connections extend further into the comp with the highly sought-after **NOMO** collaboration "**Upside Down**" that was released on limited edition 7" and sold at **NOMO** shows earlier this year. He also remixes **Jed and Lucia's** "**Apostrophe**," into an impossibly infectious breezy bossa.

Jed and Lucia make a second appearance, dropping a brand new sunny-styled chill wave-goes-Brazil cut called "**This is Why**," as selected by **BTS radio**. Since 2003, **Andrew Meza's** **BTS radio** has presented some of the most original and progressive music podcasts and is credited with spearheading the worldwide beat movement, and introducing acts like **Flying Lotus** and **Hudson Mohawke**. **BTS-partner Charles Munka** designed the album and 12" art for **Save the Music**. **BTS** other picks for the comp come from **Dibiasse** who was crowned the **Red Bull-LA Big Tune 2010 Champion** and has received nods and praise from **DJ Premier** and

Flying Lotus. **S.Marharba**, who hails from Ipswich in the UK, creates infectious, haunting, boom-bap inspired pieces and features a ghostly vocal from **Jed and Lucia**. **Letherette** are becoming one of the most hotly tipped acts in electronic music having presented their first official EP, a feature on **Gilles Peterson's "Brownswood Electric"** comp and a remix for **Solar Bears Planet Mu** debut in the last 12 months.

To round out the compilation **Groove Merchant** owner "**Cool**" **Chris Veltri** picked a brand new track from **Magnetite** (top secret project from the **Clutchy Hopkins** camp) to partner the music of super-obscure Irish band **Pats People**.
