Long overdue for a vinyl pressing, **Kenny Dope's** extended mix of "Shy As A Butterfly" by **The Mighty Sceptres** is now available on a proper 7in. The B-side features a killer dance floor-ready cumbia rework of "Nothing Seems To Work Right" by **Spark Arrester**.

With a well-received debut album under their belt and notable song placements in shows such as **Ray Donovan** on **Showtime**, **The Mighty Sceptres** drop a new 7in single featuring **Kenny Dope's** extended mix of "Shy As A Butterfly", previously only available as a bonus on their digital album. With collectors, record shops, and fans alike clamoring for a vinyl version, the 7in was hands down the preferred format of choice. Hailing from Blacksburg VA where he's been a mainstay of the local music scene and purveyor of all things funky, **Spark Arrester's** cumbia rework is a perfect fit on the B-side rounding out a single that's sure to keep bodies moving on the dance floor all summer long and beyond.
