HOKIS POKIS: THE MAGIC OF HOKIS POKIS

FOR INFORMATION AND SOUNDCLIPS OF OUR TITLES, GO TO WWW.UBIQUITYRECORDS.COM/PRESS

STREET DATE: 03/18/2014

Formed in 1970, Hokis Pokis was a seminal band in the New York disco scene with a handful of underground local hit singles including the highly-sought after "Nowhere" "Find What You're Looking For" and "City Rhythm".

Releasing several singles from the mid '70s all the way to the '80s, **Luv N'Haight** has compiled all of Hokis Pokis' musical output into an album which also includes 2 previously unreleased tracks. Remixed and remastered digitally from the original master tapes, the versions on the album are elevated from the already amazing originals with a cleaner sound and harder-hitting bottom end, bridging the gap between dancefloor fanatics in disco's heyday to their modern day counterparts. Never before seen photos along with corresponding liner notes from **DJhistory.com's Bill Brewster** are included in the deluxe double-LP package, telling the story of a group of friends that embark on a musical journey that continues to this day. From the beginning of disco's rise to its inevitable decline, hitting a low point with the "Disco Sucks" movement, to its eventual resurgence in popularity with today's dance-culture, Hokis Pokis has remained together bonded by friendship first, coupled with a shared musical vision that continues to endure.

Look for **Under the Influence of Hokis Pokis** album later in the year featuring heavyweight producers **Kon, DJ Spun, Citizen Kane, Al Kent, DJ Day** and others who all take their turn creating new, original dancefloor classics from the original multi-tracks.
