The third volume in our Luv N'Haight Edit Series features a re-work of the Spiritual Jazz classic "The Healer/Don't Break" by E.W Wainwright's African Roots Of Jazz by Carlos Niño And Friends.

The original track was featured 12 years ago on a three song **Luv N'Haight Special Edition 12"** that also included tracks from **Joe McPhee** and **Earl Moseley**. World-renowned producer and arranger **Carlos Niño** (along with his friends Alan Lightner, Dexter Story and Yaakov Levy) takes the intro from the percussive-heavy original and crafts an afro-jazz dance onslaught and drops a surprise drumbreak at the end for those that survive the initial sonic assault.

Carlos Niño is an internationally celebrated producer, arranger, composer, musician, radio host, DJ, music consultant, writer, poet, and event organizer, based in Woodland Hills, California. He has been an important force in the contemporary independent music scene for nearly 20 years. A prolific artist, Niño has been involved in the production of more than 100 records and has toured with various bands and as a DJ throughout Europe, Japan and the United States. He's been involved in and participated in the following groups and projects: **Ammoncontact**, **Build An Ark**, **Carlos Niño & Friends**, **The Life Force Trio**, **The Sound Of L.A.**, **Spaceways Radio**, **Suite For Ma Dukes**, **Turn On The Sunlight**.
