STREET DATE: 05/14/2013

Ikebe Shakedown are back with a brand new bag of hard-hitting tunes recorded at Dunham Studios. This limited single is a precursor to their much anticipated sophomore full-length album.

“**The Beast**” finds the band in fine form, with their signature multi-layered horns featured front and center on top of an underlying slow-burning groove. “**Road Song**” is a slight departure from their sound with a haunting piano melody in place of the horns, floating over a sinister bassline driven by tight drumming throughout. This version of the song is going to be exclusive to this 7”in single.

Ikebe Shakedown’s self-titled debut in 2011 garnered the band wide acclaim with features on **Okayplayer’s** affiliate blog **The Revivalist** and highly influential site **Paris DJ’s**. They’ve also shared the stage with acts such as fellow label-mates **Orgone**, and most recently with **Lee Fields and the Expressions**. Look for one of Brooklyn’s finest on the road this spring as they do a limited run of show’s through the East Coast and Canada and be on the lookout for the full-length album set to drop later in the Summer.

**A1. The Beast**  
**B1. Road Song**
